Text-To-Self Connections:

A connection between the book and your life, feelings or experiences.

- ~I can relate to this book because...
- ~The text says... which reminds me of...
- ~The same thing happened to me and...
- ~I know how the character feels because...
- ~That made me think of the time...
- ~This story reminds me of...

Text-To-Text Connections:

A connection between the book and another book or text you have read.

~The character in this book is similar to the character in...

~I read another book where...

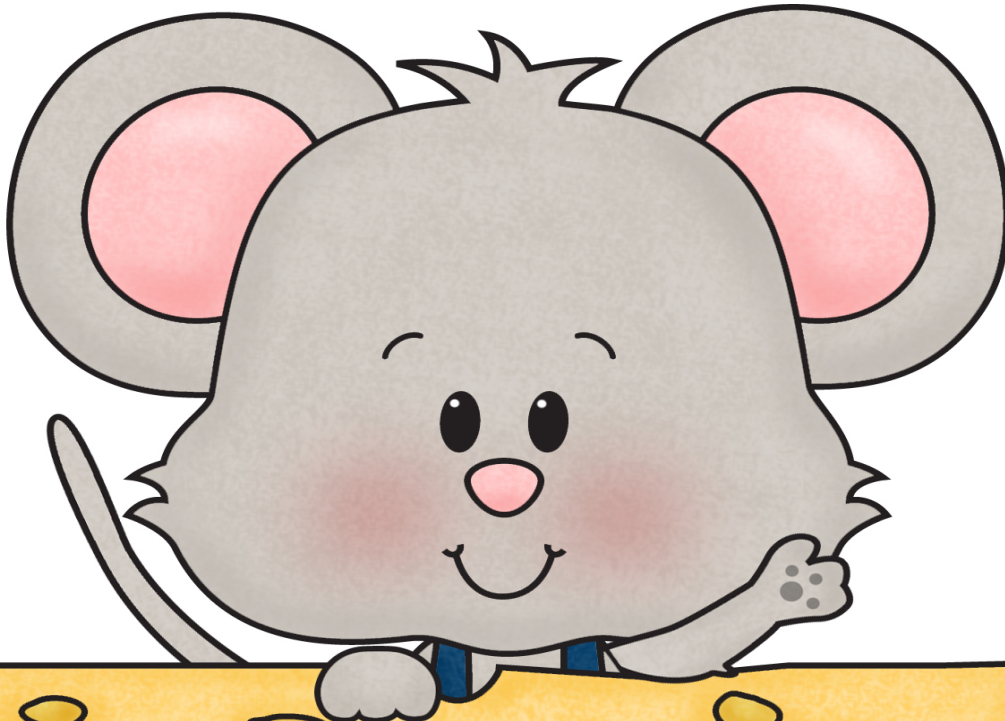

~These two stories are alike because...

~This part is just like...

~This setting is the same as...

~This is similar to...

Text-To-World Connections:

A connection between the text and events in the real world.

~This happened in real life....

~This event was like the real event...

~I think this happened in history before...

~This reminds me of something I heard on the news...
